REALIZE THE FULL POTENTIAL OF EVERY DIGITAL ASSET

Describe your content with a complete meta-data model. Define content lifecycles, create workflows and automation rules that meet your exact business needs. Use unlimited attributes without restrictions on the type or size of complex objects.

FOCUS ON INNOVATION FOR THE BUSINESS

Accelerate the delivery of content-centric solutions that add real business value by leveraging point-and-click development tools, pre-built connectors, and extensible frameworks.

USERS WORK THE WAY THEY WANT

Tight integration with business applications enhance user experience and improve productivity. Integrations include Adobe Creative Suite, Office 365, Slack, Google Drive/Docs

QUICKLY RESPOND TO THE MARKET

Configure your application with a flexible content model and deploy on-premises, in the cloud or with a hybrid approach. Nuxeo provides cloud elasticity, high availability and resiliency with military-grade security.

TRUSTED BY LEADING
GLOBAL ORGANIZATIONS

NUXEO CONTENT SERVICES PLATFORM

Nuxeo is not only a media asset library for us; it is also our primary development platform for building

“

media asset management applications with automated workflows we use in collaboration with our clients to create all of our marketing assets. Nuxeo allows us to maximize the value our clients gain from those assets.

- Stefan Born, Business Solutions Director, TBWA
